Executive egistry 0243

(Same Memo to Under Secretary emorandum for the secretary of devense of State Lovett) Subjects Candidate to head the "Special Operations" Group. 25X1 who has been head of the Special Procedures Croup, W Winions of MSG-44, came to the Control Intelligence Agency after m we present on our part and after we had received recommendations as to bie skillty from David Bruce and General Demovam. From his provious qualifications and from the work he has done while with the Special Procedures Group, I think he may be an entirely estisfactory person to take charge of the "special 25X1 operations" as curinciple by HSS 10. A very brief blography of 25X1 follows: 25X1

2. I should like very much for you to see and talk to Mr.

on the subject of special procedures, at your convenience,
for not more than ten minutes before any names to serve in charge
of the "special operations" are definitely decided upon.
